OBJECTIVE

- Dedicated data scientist with a passion for leveraging advanced analytics and machine learning techniques to extract meaningful insights from complex datasets. Seeking a challenging role where I can contribute my expertise in statistical analysis, programming, and data visualization to drive data-driven decision-making and innovation within a dynamic and forward-thinking organization.

EDUCATION

- 09. 2019 – 09. 2023 Department of Computer Science, Mutah University, (B.SC.): GPA (85.71 %)$_{1st}$

EXPERIENCE

Data science and machine learning.
SHAI for AI, Amman, Jordan.
Jul/2023-present

- Created interactive data visualizations to communicate insights to stakeholders.
- Collaborated with cross-functional teams to develop data-driven strategies.
- Conducted data analysis to identify trends and patterns in customer behavior.

PROJECTS

- 04/2022 – Employees Management System for Mutah Uni. using Oracel Form Builder.
- 06/2022 – Mutah Uni. Clinical System Desktop Application using VB.net.
- 01/2023 – Scientific Research Incentives (Graduation Project) using PHP – mvc (model-view-controller) infrastructure.
- 08/2023 – Analyzing, visualizing and insights of laptops market data using python tools and libraries.

HARD SKILLS

- Good Knowledge About Python.
- Problem Solving Skills (Algorithms Knowledge).
- Data Analysis and proper insights.
- Good Understanding of programming languages libraries and frameworks.
- Good Understanding About AI and ML.
- Good Knowledge About HTML.

- Good Knowledge About CSS.
- Good Knowledge About JavaScript.
- Good Knowledge About Databases Planning and Creation.
- Decent Knowledge About SWI Prolog and Knowledge Representation.

SOFT SKILLS

- Commitment.
- Team worker.
- Fast learning.
- Critical-Thinking.
- Communication.
- Time and resource management.
- Optimal solution consideration

COURSES

- Elements of AI.
- DST with SHAI.

RESEARCH INTERESTS

- Web Development.
- Machine Learning - Deep Learning.
- Data Science.
- Artificial Intelligence Alignment with Web Applications.
- Data Analysis.
